Options

**Splendid
Research**

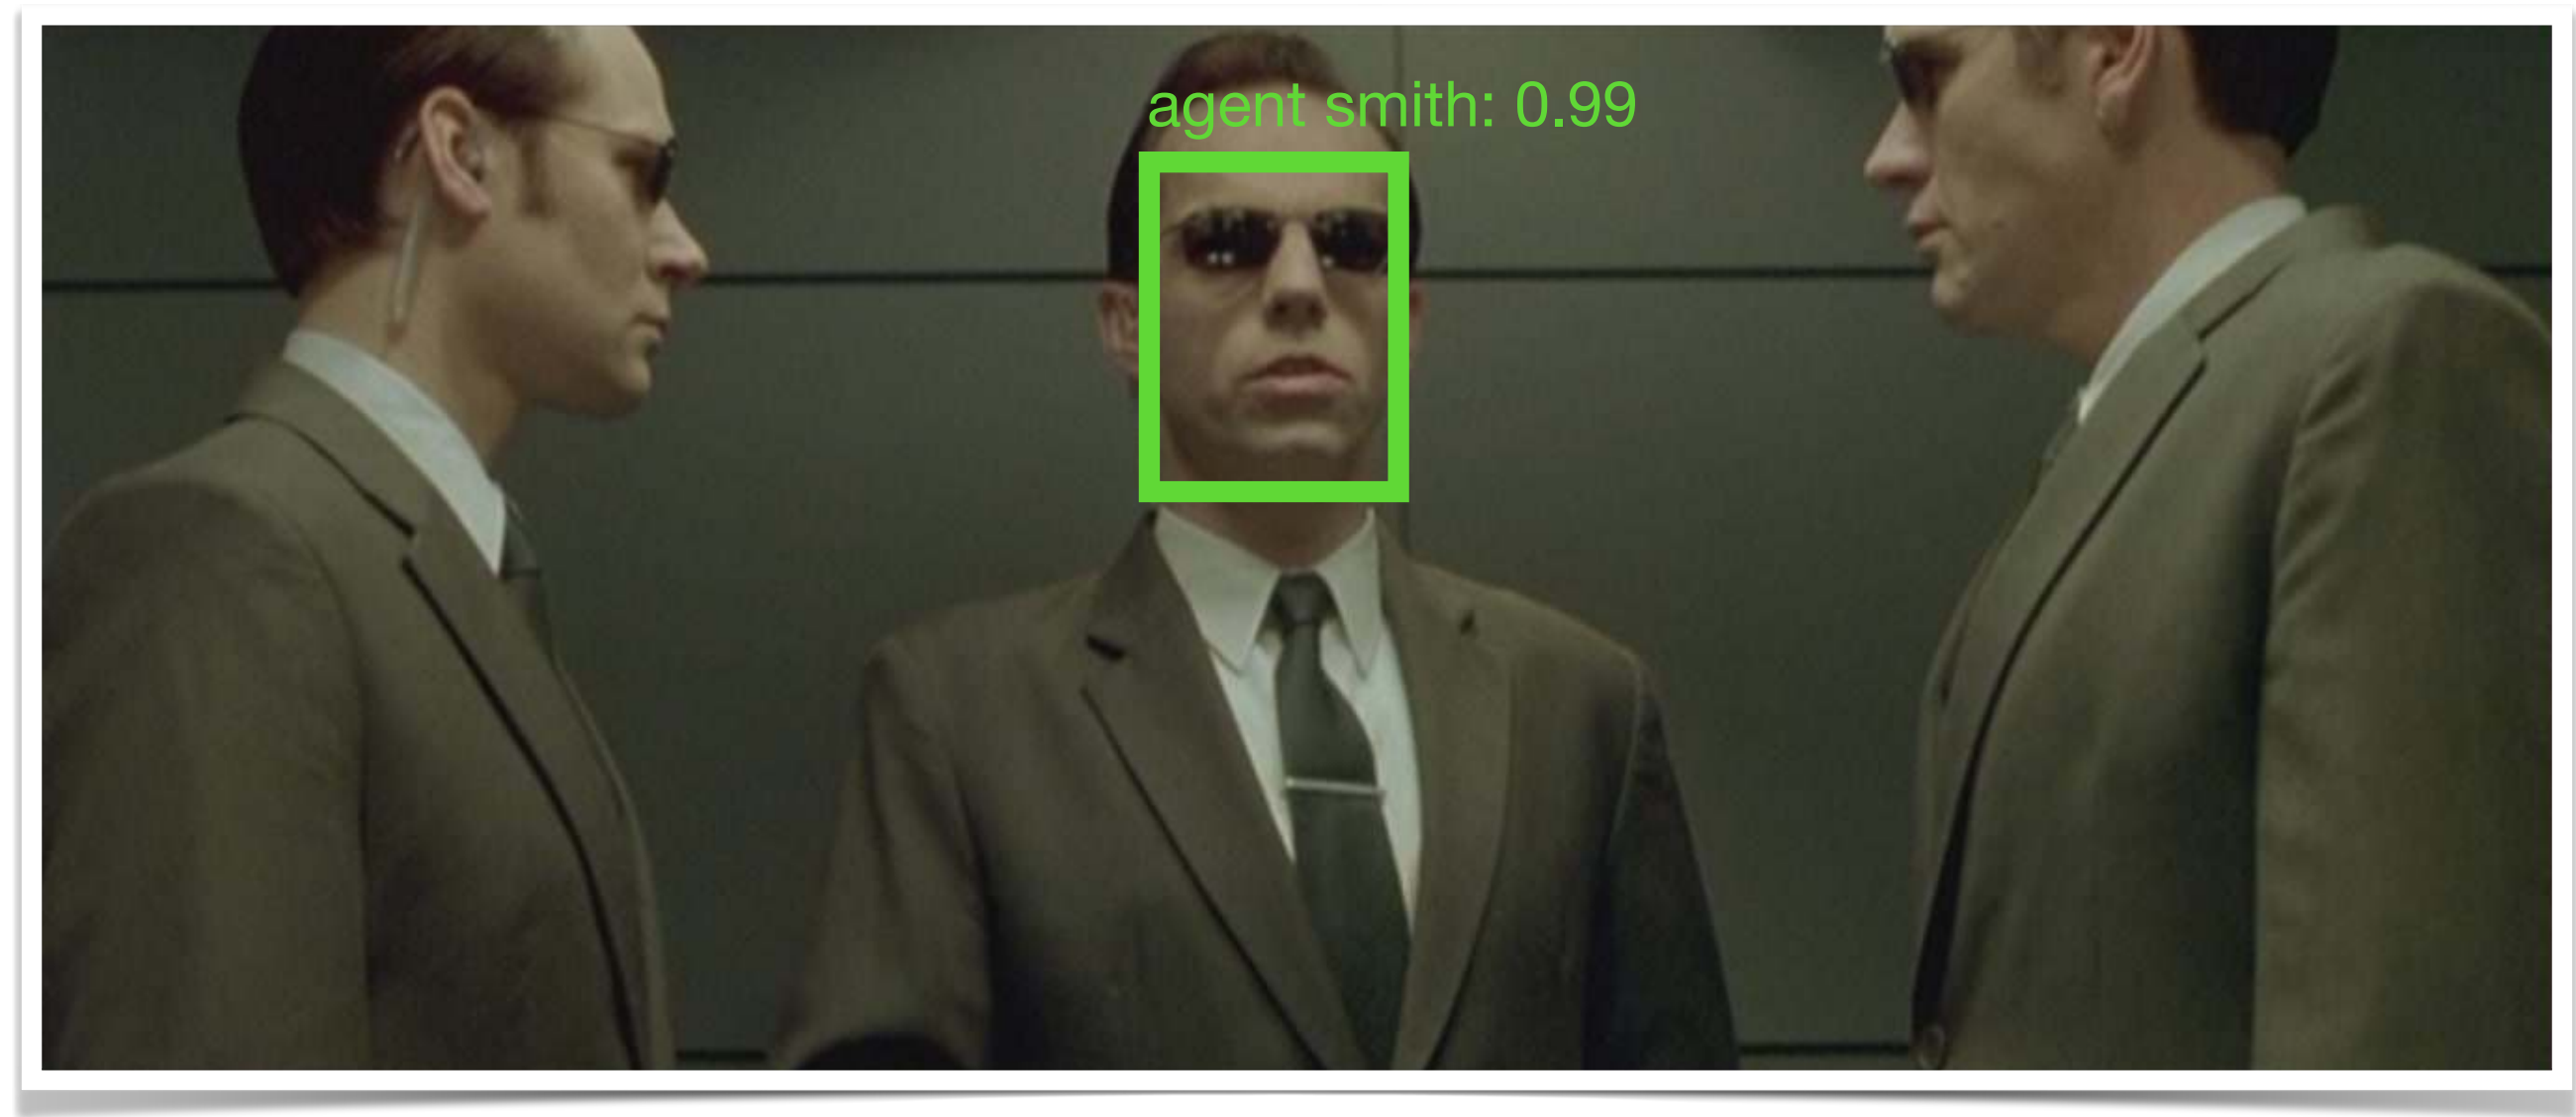

But first, who are you?

No, what do you know?

rug pull: 0.99

“...precursor-to-Glee 1987-1988 series *Rags to Riches*.”

— Rolling Stone

Rags to Riches

tv series: 0.99

What are we even doing here?

GPT

Generative
pre-trained
transformer

A type of large
language model and
a prominent
framework for
generative artificial
intelligence.

RAG

Retrieval
Augmented
Generation
Improving the
quality of GPT-
responses with
external sources of
knowledge.

Agent

An LLM agent is a system with carefully crafted prompts that encode identities, instructions and context to shape replies and activities to be carried out.

rug pull

A rug pull is a type of exit scam that involves raising money only to suddenly disappear.

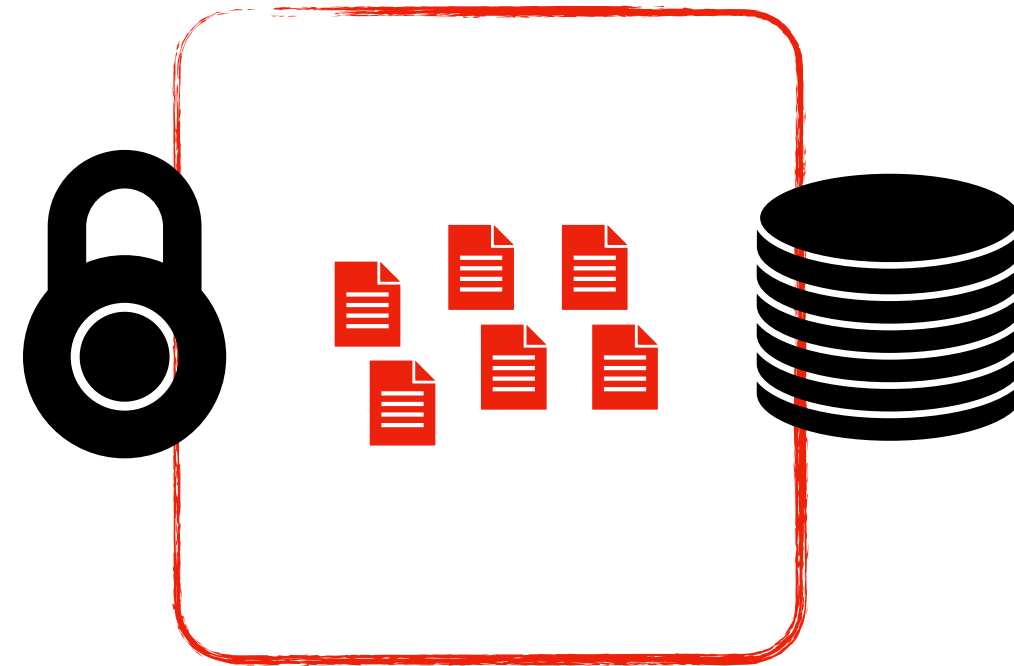

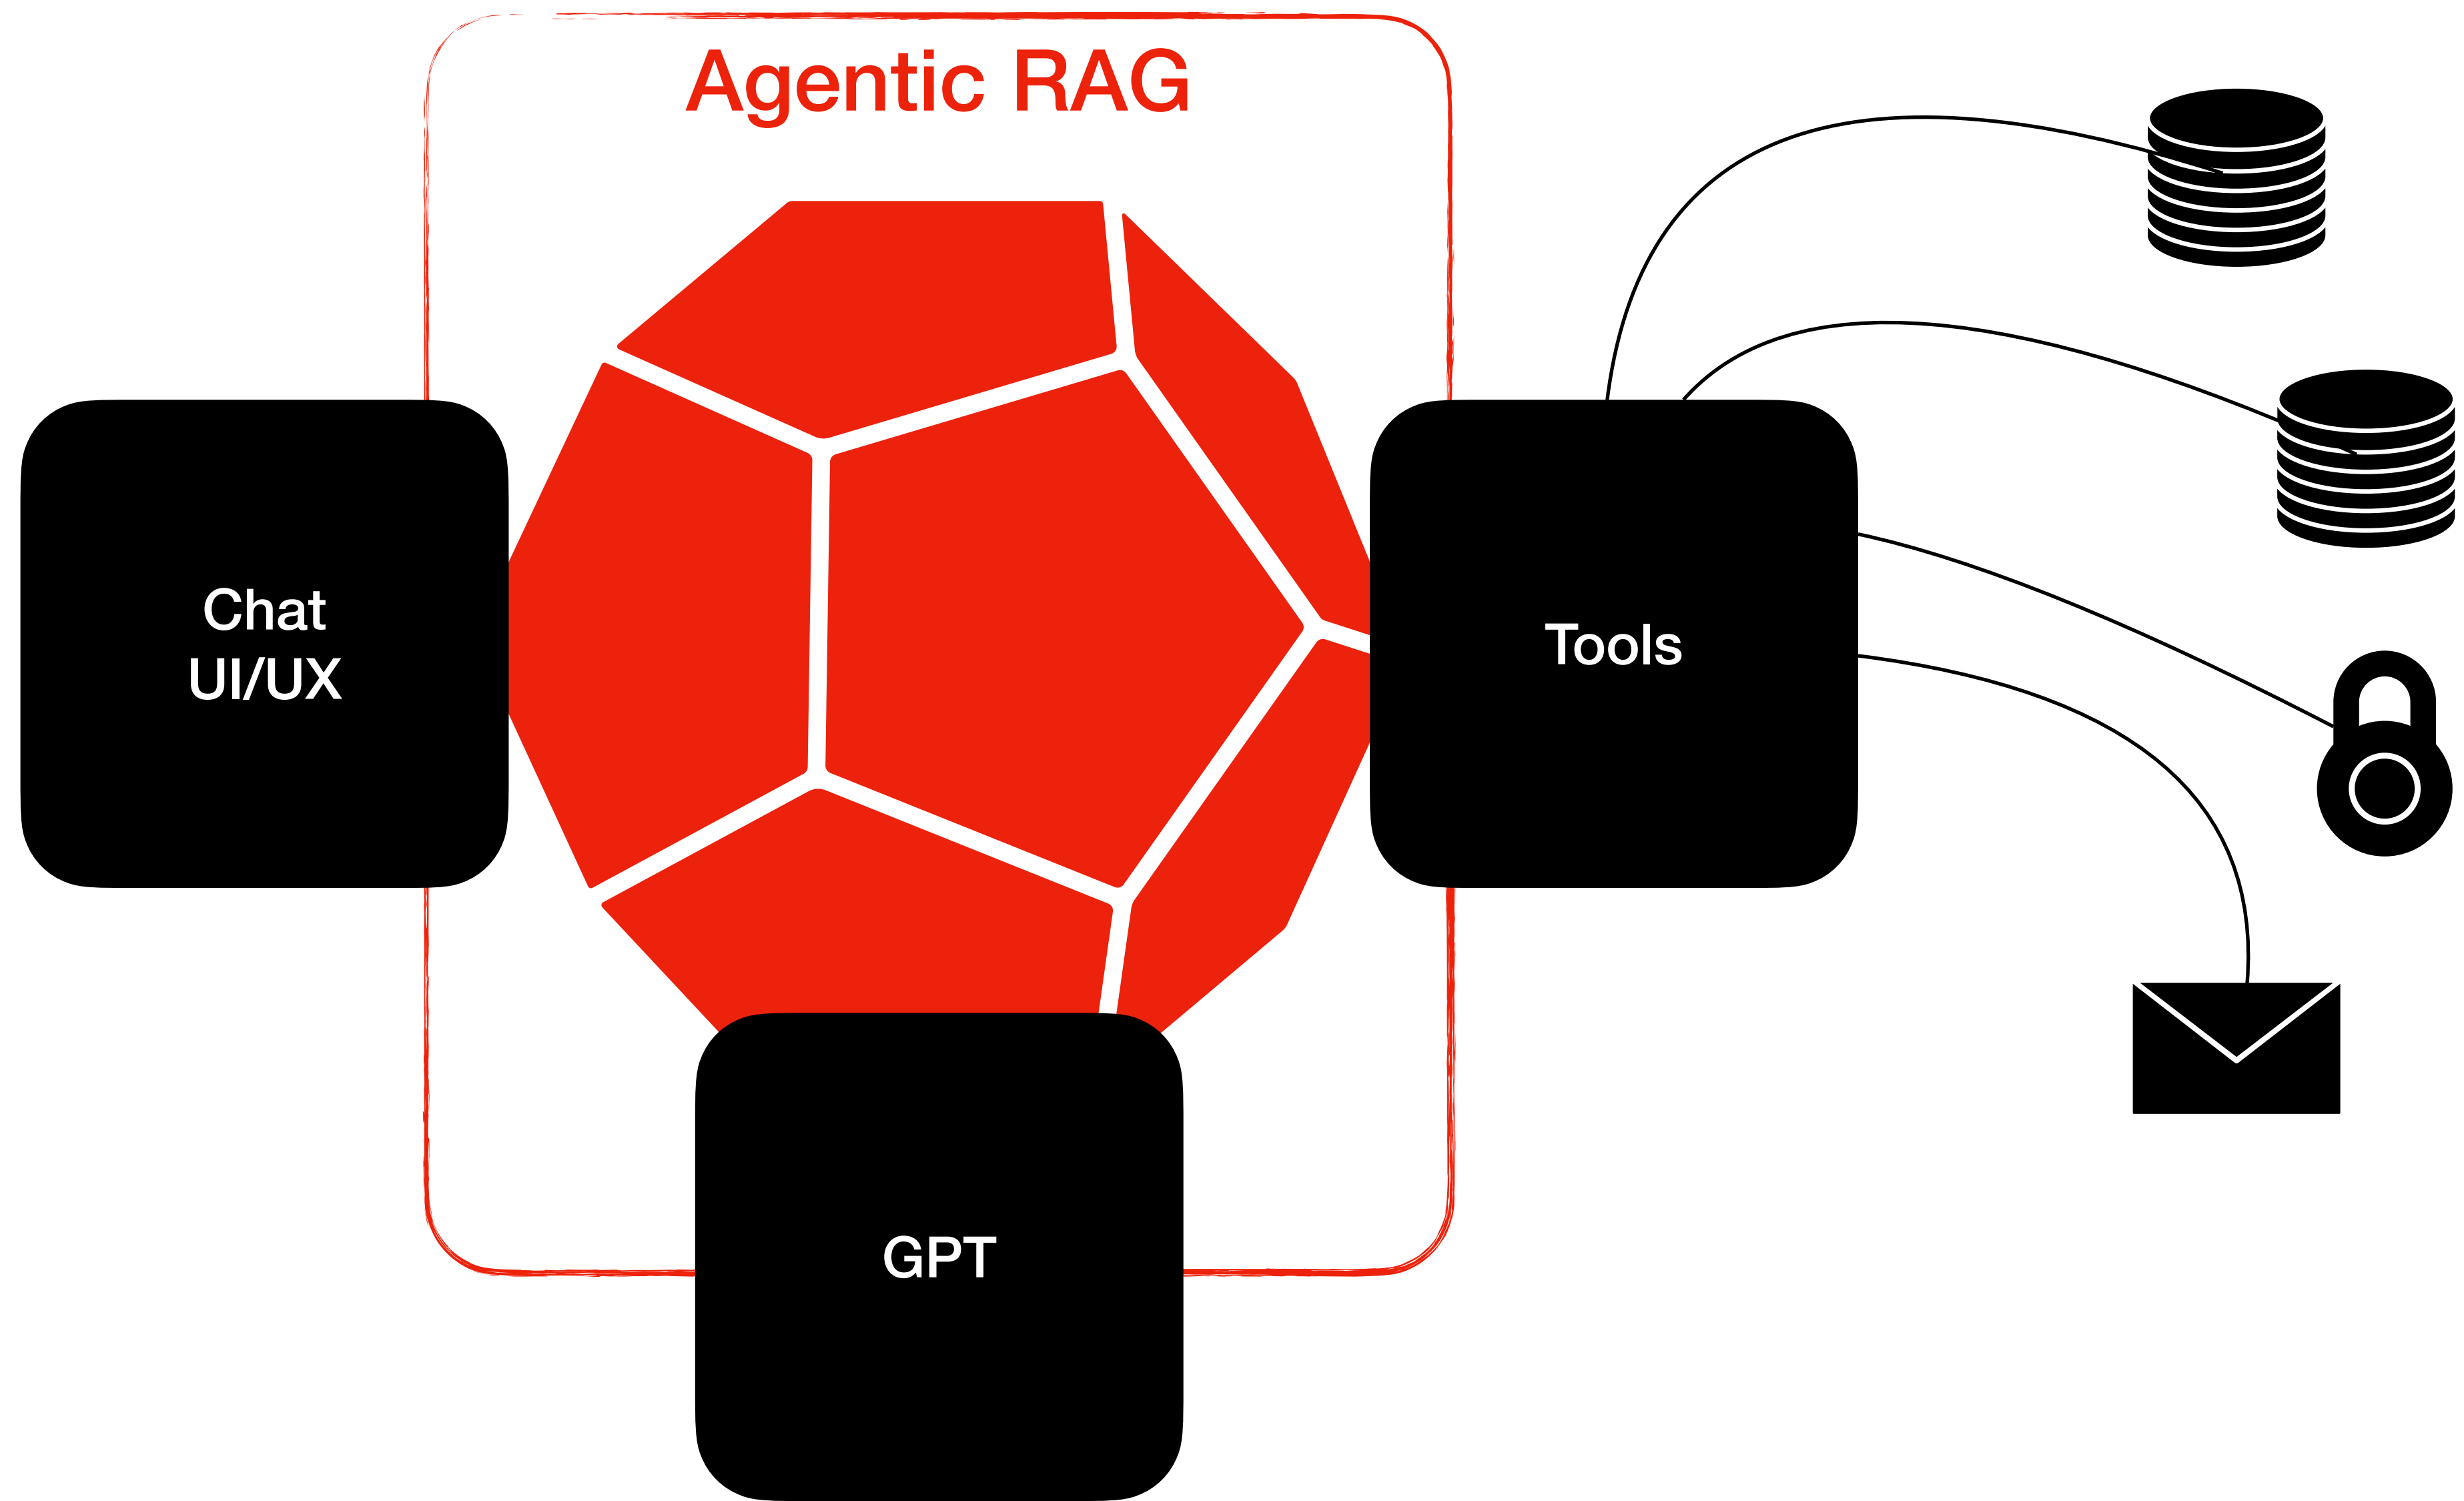

public data

Everything
in the
open™

sensitive data

What about data,
that is not in the
open and belongs
to sensitive or other
domains?

Thank you!
